Re: Recommendation

Dear Mr. Douglas

I am writing this letter to recognize The Douglas Company for a job well done on the completion of Beacon Square Assisted Living and Memory Care Facility in Northville Michigan.

The Douglas Company is an organization with an in depth knowledge in constructing senior living housing projects. Their involvement as General Contractor, throughout the preconstruction and construction phases, and their attention to detail and clear communication was invaluable in assuring this project ran very smoothly and provided a positive experience.

The Project Managers and Superintendents at The Douglas Company went out of their way to be attentive to any issues that arose thorough out the project and were very dedicated to working efficiently and keeping on schedule. They performed a remarkable job, finishing on time and within budget.

We had some unusual challenges on the Beacon Square project and I can attest to that. The Douglas Company truly becomes a part of your team and looks out for your interests. Their integrity and professionalism is first class and our company would be happy and confident to work with them again in the future!

Best Regards,
